

## A new way to make hexies!

**Fast-Fold Hexies from Pre-cuts & Stash:**  
**A Quick & Easy Technique for Hexagon Quilting**  
by Mary M. Hogan

Quilt makers will be in awe of Mary M. Hogan's newest innovation – fast-fold hexies! Just when you thought that there can't be anything new beneath the quilting sun, along comes a new and clever technique to make what quilters love easier and faster!

Hexagon quilts are certainly on-trend today, and have been around since the 1880s. Quilters love their versatility because they are so adaptable to both modern and traditional designs. Yet hexagon quilts can be challenging to piece, and so readers will rejoice at a new technique that streamlines the process.

*Fast-Fold Hexies from Pre-cuts & Stash* is a slender book jam-packed with how-to wisdom. It takes readers through the step-by-step process to create each unit from a folded circle of fabric, inserting a hexagon-shaped piece of batting, and then adding another, smaller hexie on top to hide raw edges. Quilters can sew by machine, or by hand when out and about. The technique creates one complete hexie unit, and when you sew the units together, you get a two-sided quilt with no separate batting, backing or binding!

**Readers will find the following in *Fast-Fold Hexies from Pre-cuts & Stash*:**

- ✂ 4 projects: from a trivet to a lap quilt
- ✂ Easy how-to and step-by-step: clear photography makes the hexie units' construction a snap.
- ✂ Includes templates for fabric circles and hexagon-shaped batting.
- ✂ On-line links to coloring diagrams and additional projects!
- ✂ 16 pages, only \$12.95

#### **About Mary M. Hogan**

Mary Hogan has been quilting about 25 years and sewing since she was 9 or 10 years old. Retired from her day job, she spends both days *and* evenings quilting, designing, writing, and teaching. Passionate about sharing quilting with others, she teaches regularly at her local quilt shop and is available to lecture and teach wherever quilters gather. In her own work, Mary rarely follows a pattern or script. Instead, she improvises, tries out new ideas, plays with fabric, and uses as many fabrics as possible.

Mary has a BS in Nursing from Loyola University in Chicago, an MS in Publish Health Nursing from the University of Illinois at Chicago, and a PhD from the University of Michigan. Before writing books on quilting, she held positions in nursing and health care. She lives in Michigan with her husband, six sewing machines, and a ridiculously prodigious collection of fabric. This is Mary's second book with Landauer Publishing: her first book, *String Quilt Style*, was published in 2016.
