Mood-boosting Coloring Books Designed to Make You Smile

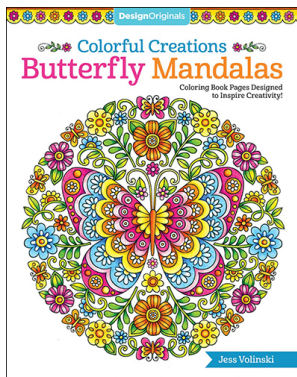

Colorful Creations Coloring Books by Jess Volinski

Studies show that practicing art can significantly reduce stress, even if you're not an artist by the traditional definition. This is one reason coloring became such a huge trend the past couple years. One artist in particular has truly flourished from the coloring book boom—Jess Volinski—and the happiness factor that coloring offers.

Volinski wholeheartedly believes that art has the power to boost health and your mood. In fact, the art she creates for coloring books is purposely illustrated to put a smile on your face. "Above all else my work is happy, colorful, and fun," says Volinski. "If even one doodle I've made makes you smile,

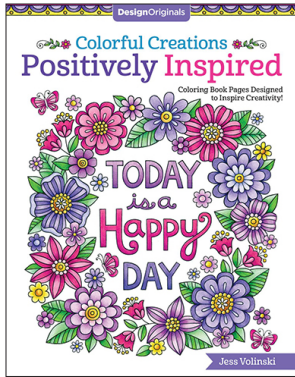

then I'm doing my job!"
